The old Eagle going it with a Rush!

THE EAGLE
STEAM FOUNDRY!
—OF—
TURTON & SERCOMB,
296, 298, 300, 302 and 304 West Water St.

IS STILL IN FULL BLAST, WORKING DAY AND night to supply the daily increasing wants of the Badger and other States.

In order the better to do this, the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing or Shaping Machine, three Lathes, and a Machine for making bolts, and are now putting in a Steam Engine of — horse power to drive the whole, thereby adding to the former facilities for the successful carrying on of the Foundry, Machine, Engine and Blacksmithing business. They never were in a better position for doing business, and

in any department.

In regard to the character of the work got up by this

The Oldest Establishment in the State

the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.

They have always on hand a large stock of BRASS WORKS, such as GUAGE AND CYLINDER COCKS, OIL CUPS AND COCKS, and STEAM WHISTLES. Also TURTON'S PATENT, which they will sell at the lowest cash price.

They are also Agents for EASTMAN'S PATENT STEAM GUAGES, which are well worth the attention of all those who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.

Their motto is, "*Excelsior.*"

To Advertisers.

We shall have a few pages for advertisers in the *Wisconsin Almanac and Annual Register*, which we hope to issue about the 1st of January. As the pamphlet will be one of great value for frequent reference, it is an excellent medium for advertising. Those who desire to avail themselves of it will do well to make immediate application.

☞ Our printers taking holiday to-day, there will be no paper issued from this office to-morrow morning.

Carriers' Address.

Our Carrier Boys, who have labored steadily, and for the most part, we believe, faithfully, during the past year, in delivering the *Sentinel* at the doors of its readers, will wait upon their patrons to-day with their Annual Address. We bespeak for them a favorable reception everywhere.

The Old and New Year.

EIGHTEEN HUNDRED AND FIFTY-SIX is numbered with the years that are gone. Brief notes of its many and various events are given elsewhere, the perusal of which will call to the mind of the reader recollections of the details which occupied the fleeting hours, and formed the staple of conversation and of thought. Each event, great or small, has been like the stone dropped into a shoreless sea, its circles widening to all eternity.

The table which we publish to-day gives, however, only notes of the *recorded* events of the year past—its unrecorded happenings go unrecorded still, save on the tablets of the hearts which they have moved with their varied emotions. Yet, for most of the human race, these unwritten, unspoken things make up the greater sum of the emotions that stir the heart, and their record is traced in the deepest lines.

To many who read to-day's paper, there have been moments, hours, days, of exulting joy, arising from the success of cherished hopes, of long and carefully planned schemes of aggrandizement—from sudden wind-falls of fortune—from the almost sure result of industry and perseverance and prudence in business.

To many others, also there have been times of overpowering sadness and despair, when the certainty of the failure of hopes fondly cherished has come over the soul—when the heavens above seemed like hot reflecting brass, and the earth beneath like burning iron, and the air was hot between — when fortune has failed — when schemes carefully planned for wealth have proved abortive—when friends have fallen away—when calumny has pressed home its poisoned shaft—when Death has carried away its victims, and the little hillocks and larger mounds have increased in the burial grounds. Burial grounds for dead humanity are they—but along the crowded streets, and in the quiet chambers, and out in the country, in the highways and the fields, the hopes of men lie buried, waiting no resurrection!

Now cometh a New Year,—what shall it bring to our readers? Do the memories of past troubles which burdened the old year weigh down the young one as he starts upon his appointed course? Courage, man! and stand up to thy work like man. Struggle manfully! determine, depending upon the will of God, to conquer trouble, to achieve success. A poet says, "Let the dead past bury its dead;" whether the poet had his experience and found it easy thus to bury out of sight his dead, we know not. Memories of the troubles past are worth cherishing, if they give good lessons, and if men heed them.

The New Year is, the world over, a time for rejoicing. A truce, then, to saddening memories Bring up the array of good things in the past, and resolve to make them more. Spread out before you the good things present, and double them, by sharing them with the needy neighbor. Resolve to live, in the year now opened upon you, as man should live, in the practice of virtue, honor, sobriety, prudence, courteousness, in all the attributes of the true Christian gentleman. So shall the world be the better for your living in it. So, if all would so live, will this world become a better world. So shall, some of these New Years, the good time be come when the rumbling sound of the world's din, which comes up to the quiet chamber always—like the sound of the waves dashing on the shore—be all musical with the harmony of innumerable and various joys, not jangling with the broken strings and tuneless thricks of human discord. Faith, not always clear, looks forward to a Golden New Years in the times to come, and a poet sings accordingly:

We sleep, and wake, and sleep, but all things move.
The sun flies forward to his brother sun;
The dark earth wheels along in her ellipse;
And human things returning on themselves,
Move onward, leading up the golden year.

All though the terms when some new thought can bud
Are but as poets, seasons when they flower,
Yet seas that daily gain upon the shore
Have ebb and flow conditioning their march,
And slow and sure comes up the golden year.
* * * *

Fly, happy, happy sails, and bear the Press;
Fly, happy with the mission of the Cross;
Knit land to land, and blowing heavenward,
With silks, and fruits, and spices, clear of toll,
Enrich the markets of the golden year.

But we grow old. Ah! when shall all men's good
Be each man's rule, and universal peace
Lie like a shaft of light across the land,
And like a lane of beams athwart the sea,
Through all the circle of the golden year.

TALL VOTING—WATERTOWN NOWHERE!—We thought that the city of Watertown did a pretty good business in the way of voting, but by the official canvass of the votes of the County, a copy of which reached us yesterday, and for which we will make room on Saturday, the town of Jefferson, with about a third of the population of Watertown, beat that city out of sight—The official canvass gives 2,084 votes for and 1 vote against removal in Watertown—2,085 in all; while the vote of Jefferson was 2 for removal, 1 blank, and 4,128 against removal; of this total, 3,045 votes were cast at a special poll in the town, and the canvassers seem to think it bogus, for they do not count it.

New Government Lands in Iowa.

The President of the United States has issued his proclamation ordering the sale of lands in Iowa, at the land office at Osage, South of the base line and west of the principal meridian, on the 4th of May.

At the land office at Fort Dodge, on the 4th of May, North of the base Line and west of the fifth principal meridian.

At the land office of Sioux City, May 4th, lands South of the base line and West of the principal meridian.

POSTMASTER AT EAGLE.—Mr. C. A. Bronson, postmaster at Eagle, Waukesha Co., has been removed, and Thos. W. Pitman appointed as his successor. Mr. Bronson has been an accomodating officer to the people who get their mail matter at that office, and we presume that his successor will merit the same compliment.

The New County Officers.

To-day the new County officers enter upon their duties for two years. The first and highest office in the County is that of Sheriff, and the one who to-day vacates the office of Sheriff was elected with but very little opposition, and leaves without any. The statute in any event precluded a re-election. The one, who to-day takes the oath of office as Sheriff of Milwaukee County, and for the second term, received the largest number of votes ever given to one man in this County, and this too, in a County, where, it is well known, politics usually run high. It must be gratifying to the new Sheriff to enter upon his duties, by the *unanimous* choice of the inhabitants of this County, and that fact is not a little enhanced by the knowledge, that when in office before he gave such entire satisfaction, that but for a foolish statute he would have been re-elected with no term of intermission. We have no doubt, that Mr. PAGE will, during the next two years, as he did in his previous term, show himself worthy of the singular honor paid him by the people.

The Clerk of the Circuit Court, MATTHEW KEENAN, to-day enters upon his third term of office, having been re-elected without opposition. His capability for the office, proved during two terms, and his obliging and gentlemanly demeanour to all, have met only a just reward.

CHARLES F. KASTER is the new Clerk of the Board of Supervisors; he has long been known as the Deputy Clerk to Mr. BADE, the former Clerk of the Board. He is a young man, well qualified by experience to fill that important situation.

The County Treasurer, Mr. FITZGERALD, is also re-elected. We believe there was no fault found with his acts during his last term, and trust he will make a good officer for the next.

Mr. BADE, the recent Clerk of the Board of Supervisors, is now the Register of Deeds; he is an expert penman, and fully capable of filling the office.

The County Surveyor for the third time elected, is Mr. GREGORY, a fine specimen of "a rale ould Irish gintleman," and fully competent for the office to which he is elected.

The Coroner elect is Mr. ROBERT WASSON; this, although a minor office, is often the stepping stone to a greater. Mr. WASSON has many friends outside of his own party, and is a reliable upright man, and, politics aside, worthy of the public confidence.

Of this number, taking their own statement, 170 could neither read nor write.

It may be proper for me here to remark that this report contains the charges that were made by the committing officer or embodied in the warrant. Nationality, age, occupation, and ability to read and write, are based upon the statements of persons committed, and are as near correct as can be.

From observation during four years experience in Milwaukee County jail, I am fully satisfied that three-fourths of the crime herein charged has origin in the excessive use of intoxicating drinks.

This report shows a juvenile class, who do not rank least in crime, nor yet in numbers, for whom there should be some more proper and convenient place than a County jail—a place where the mind would be directed to a wholesome channel, morality inculcated, and correct principles instilled—where through well regulated mediums a right impulse would be given—an impulse that would tend to raise them above the commission of petty offences, and point out to them the just recompense of truthful actions in life.

The demoralizing influences of the associations necessarily connected with a jail have no other effect than a increase of the desire for wrong doing—to school them in all the systems of vice, and prepare them to go forth adepts in the successful commission of crime; giving them the benefit of heads that have grown gray in iniquity, and hearts that have become insensible to all those noble principles and acts which render life desirable and mankind respectable.

In a County like this, where the ancient land marks still remain, pointing significantly to her unexampled progress, that has removed the Indian Wigwam to build up and perfect her grandeur—a County that has sprung phoenix like into an envious position among her sisters—that possesses the advantages of wealth and all the communications necessary to increase her growth, promote her commerce and beautify her borders—that has so suddenly surmounted the weakness of Infancy and grown into a comely stature with her pallaces, places of public amusment and lofty domes, from which go forth the pealing notes of the chiming bell, announcing to mankind, that they rest upon the chosen temples of devotional worship,—a County that rightfully claims to be the Emporium of Wisconsin—that holds within her borders near fifty thousand souls, identified with her interests, and zealous to encourage and secure her prosperity—with all of these combined influences, it is strange indeed that she does not provide some fitting institution for the correction of juvenile offenders. The daily increase of crime demands speedily some efficient action in the matter, and it is to be hoped that she will soon wipe out the stain that otherwise must rest upon her, by adopting some system calculated to reform, rather than confirm, in wrong doing.

MARINE DISASTERS.—A summary of the losses sustained through marine disasters by the New York underwriters, during the year now closing, shows the enormous aggregate of some twenty-six millions of dollars. Probably they have never before amounted to so large a sum, and it is said that the pressure on the various companies has been so great that some have had to succumb entirely and retire from the field, while others had to strengthen their position by new subscriptions to their capitals.

UTAH.—According to a census recently taken in the Territory of Utah, it appears that the population, exclusive of some thinly settled districts, the returns from which have not been received, amounted to 77,000. Late accounts from Salt Lake state that delegates are about to be appointed to proceed to Washington and apply for the admission of said Territory into the Union. They are to bring proof that the Territory contains the requisite population to entitle her to admission; also a draft of the Constitution adopted by a Convention assembled for that purpose at the City of Salt Lake. This Constitution, as is represented, enacts the republican form of government required by the Constitution, provides for the toleration of all shades of religious belief, and makes no mention either of the question of slavery or that of polygamy.

We take the above paragraph from an exchange. The scheme seems to be an ingenious one for smuggling the polygamous territory into the Union as a State, by dodging the question of plurality of wives, which disgraces it and the whole country, but it can hardly succeed.

MR. JERRY DOOLEY AGAIN.—The Baraboo *Republic* says:

Mr. Jeremiah Dooley, whose wife and eleven children are looking him up, has returned to New Hampshire, after remaining in this place for about two weeks. He probably passed his wife on the road, and we ardently hope that the good lady and her small family will return at once, so as not to pass him a second time.

Whereupon the Madison *Journal* replies:

Not so fast, Mr. *Republic*. Mr. Dooley's wife and eleven children haven't returned to New Hampshire, and Mr. Dooley hasn't probably passed them on the road. We speak advisedly, for we had a call from Mr. Dooley one cold morning last week. His wife and children he informed us were then in Milwaukee, and he was endeavoring to reach them. He is a small, meek looking man, like, "a withered apple-john," with an exceedingly Hibernian cast of countenance. The cold seemed to have contracted his dimensions to an unwonted diminutiveness. We gave him his dinner and money enough to pay his fare to Milwaukee, moreover recommending him to the tender mercies of the M. & M. R. R. Co., who haven't proposed to cut off all "dead heads" till after the 1st prox. In a genuine Milesian effervescence of gratitude, he expressed unbounded confidence that in case he should never be able to repay our kindness, the Almighty would do something for us, and went on his way radiant with the thought of speedily embracing "a jewel of a wife" and eleven "darlint childer." We haven't seen a more buoyant individual for some time than this same Mr. Dooley, who has of late received so many friendly intimations from the press.

TOTAL VOTE OF CALIFORNIA.—The full vote of California is as follows:—Buchanan 51,925, Fillmore 35,113, Fremont 20,339—total 107,377.

LUNATIC ASYLUM CASE.—The Commissioners appointed to adjust the claims of Mr. PROUDFIT, arived in town to day, and were expected to give a verdict, but will not do so until some time to morrow.—*Madison Democrat.*

Railroad Bridges.

The Tress bridge across Rock River, in that portion of the city, known as Monterey, is five hundred and thirty eight feet long, and forty two feet above the water. The trestle bridge on the north side of the river is six hundred and thirty feet in length and forty feet high. The total length of the bridge, there fore, is one thousand one hundred and sixty-eight feet. The following are items of its cost;

Foundations,	$1,488
1957 Cubic yards of masonry,	11,792
1168 Lineal feet superstructure,	25,382
	$38,662

The structure was erected by the Chicago St. Paul and Fond du Lac Railroad Company, and is one of the most substantial and imposing in the west.

The foundations were commenced by the old Valley Road Company, (not its proper name but the one by which it was most extensively known). It was barely begun, however. We are indebted to HUGH LEE, the engeneer who superintended the work, for the foregoing figures.

The Milwaukee and Mississippi Railroad Company, have just completed a magnificent bridge a mile above this, on the same river.—The whole structure is five hundred and fifty feet in length. Three of the spans are each one hundred and fifty feet, and the fourth 100. The trusses are twenty two feet in depth—the length of the floor timber twenty two feet. Its height above the water is thirty eight feet. It was built for a double track and is nineteen feet four inches in width. The estimated cost of the structure is $27,000. We have said it was desined for two tracks—one of these will belong to the Chicago, St. Paul and Fond du Lac Company, which shares in the expense of building the bridge. We have then within the limits of Janesville two Railroad bridges with an aggregate length of 1,723 feet, erected at an expense of $67,668.—*Janesville Free Press.*

M. P. R. R.—Notwithstanding the severity of the weather, the work on the Mineral Point Railroad is still progressing, though not as rapidly as when the weather was more mild. The Contractors are doing all that can be done to roll the cars into Mineral Point, and a few days of good working weather will give us the sound of the neigh of the Iron Steed.—*Mineral Point Tribune*

GALENA PROJECTED IMPROVEMENTS.—We have never known the public mind of Galena in better heart than at present, with regard to the future prospects of the city. The truth is, our people have concluded to do first something themselves, and consequently we conclude something is to be done. About the first thing in the progamme finished up will be the Galena and Southern road, connecting Galena with Milwaukee. The profiles of the survey have all been recived. It is expected that the road will be opened though about the first of July. Our other great enterprises are going ahead as prosperously as any one could expect or wish.—*Galena Advetiser.*

POLICE COURT, DECEMBER 31.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Peter Barr, vagrancy and drunkenness, sent to Jail for 15 days in default of $5,00 fine.

A WOMAN WHIPPER.—A. G. Brown, disorderly, and for grossly abusing his wife, driving her out of doors into the street in the night time, and otherwise ill treating her, was sent to jail for 40 days in default of $35.

ANOTHER WOMAN POUNDER.—Harris Wright, brought around from the Watch House, and charged on complaint of his wife, with assault and battery. The woman was crippled from a severe beating from her husband.—The case was continued to Saturday morning for trial.

The woman, it appears, has only been married to Wright about five weeks. Previous to the marriage, the woman had loaned to Wright $520, and taken a chattel mortgage upon his horses and hack, he being a Chicago Hackman, and it appears that the marriage was to avoid the payment of the chattel mortgage. The property was taken by Constable Meyers at the direction of the woman's Attorney.

The case of Thomas Ryan for an assault and battery upon John Dolan, was continued to January 3d, 1857, at 3 P. M. for trial.

James Harvey, leaving team unhitched, fine $3.

In the afternoon Harris Wright was again brought in and gave bail in the sum of $250 for his appearance on Saturday, the bond being conditioned for his good behavior in the meantime.

WOMAN WHIPPING AGAIN.—A warrant was issued on complaint of a wife against her husband for beating her. The woman's statement was that her husband comes home drunk and then beats her.

The amount of fines collected by the Police Justice since May 9th, is $529 25. These are fines for State offenses. Upon a question of "clear proceeds," this amount would not pay half the expenses of the Court.

CIRCUIT COURT—Dec. 31.

HON. A. W. RANDALL, PRESIDING.

The Circuit Court, after disposing of some Chancery cases, adjourned at 11 o'clock until Tuesday morning at 9 o'clock.

The Chancery Docket will then be taken up, and the cases in some manner disposed of.

On Monday next the Petit Jury are summoned to appear, and the criminal trials commence, from a very large calendar.

Milwaukee Relief Association.

There will be an adjourned meeting of the Board of Managers of this Society, at the Common Council Room, on Friday afternoon at 3 P. M. A full and punctual attendance is requested.

Steps are being taken for a more thorough organization than heretofore, and the public will be advised from time to time, through the press, of the proceedings and the wants of the Association. We cannot doubt that our citizens will respond liberally to its calls when called upon by the Visitors.

THE MURDER IN THE THIRD WARD.—We understand that additional evidence has been obtained by Policeman Rice, that throws more light upon the terrible tragedy perpetrated in the Third Ward on Saturday. The knife with which the murder was committed has been found secreted in a barrel of ashes; and it seems that the trouble originated about the deceased and her husband staying at Dawson's; they were both thrown out, and at that time and in a quarrel the woman was murdered.—Dawson's wife was arrested yesterday, she having given the knife to another woman, telling her to throw it in the Lake as far as she could; this the woman refused to do and took the knife back to Mrs Dawson, who, it is said, gave it to a little girl, who hid it in the bosom of her dress and afterwards it was placed in the ash barrel, where it was found by the officer, scoured bright.

SABBATH SCHOOL CELEBRATION.—We regret very much that we were so engaged as to be unable to attend either of the Sunday School celebrations on Tuesday night. From all that we hear of them, they must have been very interesting indeed. The schools—the 1st Presbyterian, and the Spring Street Methodist—are two of the largest and best managed in the city, and great preparations had been made for the occasion by the teachers and pupils and their friends.

The Wisconsin of last evening gives an elaborate account of the celebration at the 1st Presbyterian Church, but our limited space, which to our regret, prevents us from indulging ourselves by copying it.

New Publications.

GOD'S GIFT OF THE WHEAT; a Discourse preached at the Annual Thanksgiving at Plymouth Church.

We have received a copy of the sermon delivered last Thanksgiving, by Rev. M. HUMPHREY, the able pastor of the Plymouth Congregational Church, in this city. It is printed at Starr's Book and Job Office, and copies may be had at Whittemore & Co.'s bookstore.

AN EXILE.—We learn from an article in the *Grad Aus*, German newspaper, that Mr. MATTHIAS MOSARTI, an Italian, who fought bravely in the Hungarian war, is now in this city, and in need of aid. He wishes to obtain the means of going to Albany, where his wife and children now are.

Information concerning him may be obtained at the office of the *Grad Aus*, where also may be left any donations for his relief.

DR. BOYNTON'S LECTURE TO NIGHT.—The lecture to-night at Young's Hall, by Dr. BOYNTON, the first of his course, will no doubt be fully attended, though the usual festivities of the evening will keep many away who would be glad to be present. We can safely promise all who can go, that they will commence the year with the gain of much valuable knowledge, conveyed in an interesting manner.

A CAPITAL INVENTION.—We invite attention to the advertisement of a very ingenious thing in the way of blind hinges, which has been exhibited in this city of late. It is a contrivance for opening and closing blinds without raising the window sash, and is a decided specimen of mechanical genius, which must come into general use.

TRIAL OF THE NEW ENGINE.—We learn that the Fire Companies are to be out this afternoon, at one o'clock, to try No. 5's new machine. They meet at Spring street Bridge.

OBEDIENCE TO LAW.—The law against firing guns, &c., within the city limits, was very generally obeyed last evening—"over the left." It was a regular 4th of July in some parts of our city—only more so.

TELEGRAPH OFFICE HOURS TO-DAY.—We are requested to state that the Telegraph Office will be open to-day between the hours of 8 and 10 A. M., and 4 and 6 P. M.

THE LECTURE LAST NIGHT.—We are obliged to postpone a notice of Mr. GODDARD's second lecture, delivered last night.

STILL ONWARD.—Herrick's Sugar Coated Pills are daily achieving new triumphs in the cure of disease. Their fame is increasing, their usefulness expanding; new States and Territories are being supplied with them.—Where the sun shines and civilization erects her altar to God and freedom, there Herrick's Pills are found dispensing joy and gladness to the sick and distressed. 25 cts. per box.

NOTICE.

OFFICE OF THE MILWAUKEE & MISSISSIPPI R. R. Co.,
Milwaukee December 10, 1856.

WHEREAS, the granting of Free Passes, and the applications for the same, are increasing daily, under the present system, notwithstanding the efforts of Railroad Managers here and elsewhere, to keep the same within reasonable bounds; and, whereas, in the opinion of the Board of Directors of this Company, the practice is highly unjust to the Stockholders, and injurious to the whole Railroad system, as, in many instances the income of Railroad Companies is very sensibly affected by it, and under the most judicious management, in a vast majority of cases, only results in dissatisfaction. And, whereas, the President and Superintendent of this Company having become satisfied, from actual experience, that the right, by them, to issue Free Passes cannot be exercised with that limit and discrimination which was expected when the right was conferred; nor can it be done to a limited degree, without producing much dissatisfaction, for nearly every person who applies for a Free Pass, no matter to him what are the circumstances of the case, if he is refused, at once charges the Officer or Company with partiality and meanness; and, whereas, they (the President and Superintendent) have requested that the right be withheld from them, as well as from all other Officers of the Company, except in the cases hereafter mentioned.

Therefore, be it Resolved, That from and after January 1, 1857, all outstanding Free Passes at that time, except those of Contractors, Telegraph Companies and Express Agents,) be taken up by the Conductors, and returned to the Superintendent; and that no Officers of this Company shall have the right to grant Free Passes, except the President or Superintendent may grant them to the President and Vice President, Treasurer, Superintendant and Assistant Superintendent, Secretary and General Traveling, Freight and Ticket Agents of such Railroad Companies as reciprocate to the same class of Officers.

Resolved, That we respectfully solicit the aid of other Railroad Companies in this reform, so much demanded in Railroad management, that the system may become uniform.

Resolved, That the Secretary furnish a copy of the above Preamble and Resolutions to Railroad Companies, and that the same be printed and placed in all the Depots and Passenger Cars of this Company.

The foregoing Preamble and Resolutions were unanimously adopted at a meeting of the Board of Directors of this Company held this day.

MEDICAL.

R. R. R.

THE MEDICAL TRINITY.

EACH of Radway's Three Remedies possesses special curative powers over certain diseases; and when either the Ready Relief, Renovating Resolvent, or the Regulators, are used for the certain class of diseases they are specially designed for, the system undergoes a rapid transformation from its diseased condition to a healthy and happy state of existence.

RADWAY'S READY RELIEF.

This remedy is to be used externally, or taken internally, for all pains, aches and infirmities. In a few minutes it stops the most torturing pains, subdues all inflammations and cures the worst cases of *Rheumatism, Lumbago, Gout, Paralysis, Neuralgia, Tooth-ache, Burns, Sprains, Strains, &c.* It restores the *lame, infirm and crippled* to soundness and vigor. It is likewise a certain cure and preventative for *Fever and Ague, Scarlet Fever, Smallpox, Croup, Hoarseness, Colds and Influenza.* Whenever you feel any unpleasant or painful symptoms, take a dose of Radway's Ready Relief, or apply it to the parts where the pain is located; in a short time you will enjoy ease and comfort.

Bear in mind, there is no pain so severe but that Radway's ready relief will stop, and no system so crippled with infirmities but that the R. R. R. Remedies will restore to sound and vigorous health.

RADWAY'S REGULATORS.

The discovery of these wonderful pills establishes a new era in purgatives, and a new principle in the science of medicine. In taking these pills no griping pains or sickness at stomach is experienced; they operate naturally, leaving the bowels, liver and other organs in a natural condition.

They insure those who take them a good appetite and a healthy digestion.

Each pill that is taken gives new life to the blood; they purify it, take from it all impure deposits and equalize its circulation.

One or two doses of Radway's Regulators will entirely remove all distressing symptoms of Dyspepsia, Jaundice, Nervousness, Indigestion, Costiveness, Liver Complaint, Billiousness, Melancholy, and will cure all organic diseases, either in man or woman. Ladies troubled with irregularities or weakening discharges, may rely upon a prompt cure and regular periods if Radway's Regulators are taken.

PICTURE OF HEALTH AND BEAUTY.

A few doses of Radway's Regulators will insure a clear, fair, pure and healthy skin and a rosy complexion. They give to those troubled with weak dull, yellow eyes, a clear and brilliant appearance. Radway's pills give a natural beauty to the face, eyes and head; and the use of the Ready Relief as a wash for the teeth and an aromatic for the breath, will change the most disgusting foul breath to sweetness, and the blackest teeth to Parian whiteness.

One to ten of Radway's Regulators is a dose; they never do injury, but always do good.

CONGESTIVE DISEASES, APOPLEXY, TERMINATION OF BLOOD TO THE HEAD.

Persons of full blooded plethoric habits are more subject to congestive diseases, headaches, rush of blood to the head, than those of a lean habit; bleeding in these cases is highly detrimental, nor does this practice lessen the danger; the difficulty is not caused by too much blood, but by its disturbed circulation, and the irregular action of the *heart*. Now a dose of Radway's Regulators will correct all these difficulties—they will *correct* the action of the heart, liver, and all other organs to a natural and regular action, and will immediately *equalize* the circulation of the blood. Mere purging in these cases will only aggravate the disease.

Radway's Regulators not only *regulates* the bowels, by which all diseased and injurious matter is purged from *the body*, but they control the whole system, and, hence, each and every organ, the heart, brain, liver, nerves, bowels, skin, pancreas, bladder, kidneys, stomach, lungs, throat, blood, and every tissue in the whole organization, to a healthy and regular action. They infuse new life throughout the whole system; their action is not confined to any local part of the stomach, like common pills, but they search out diseased action wherever it may be hidden, and expel all diseased humors and deposits from the body. In a few hours after taking a dose of these life creating pills you feel refreshed and invigorated from head to foot. We have known the dispirited and melancholy take a dose of Radway's Regulators *just to feel good—they make one feel so happy.*

RADWAY'S RENOVATING RESOLVENT.

Cures Humors, Salt Rheum, Scrofula, Ulcers, Nodes, Tumors, Fever Sores, Skin Eruptions, Blotches, Bronchitis, Dyspepsia, Gout, Dropsy, Syphilis Consumption, Apoplexy, &c., and all constitutional and chronic diseases, either inherited by hereditary transmission, or inoculated by exposure or otherwise.

There is no remedy in the world that will work such miraculous cures in old diseases as Radway's Resolvent. It changes the whole human body—reproduces new and healthy blood.

☞ Bleeding from the lungs—Radway's Renovating Resolvent will, in a few minutes, check Hemorrhage from the lungs or throat. In cases where the patient coughs up lumps of blood or puss tinged with blood Radway's Resolvent will soon remove the difficulty.

☞ Sarah Hammond, of 193 East Thirty-Second st., had a bad cough for two years, she coughed up sometimes half a pint of blood during the night. She was cured in seven days by the Relief and Resolvent.

☞ A sore leg of 21 years cured in three weeks, by Radway's Relief. Mr. T. H. Kilgo, a merchant of high standing in Dahlonega, Ga., says:—"That a gentleman who, for 21 years, had been afflicted with a sore leg, that resisted every kind of treatment, was effectually cured in three weeks by Radway's Ready Relief, Resolvent and Regulators."

GENERAL COMPLAINTS.

If you catch a sudden cold, get a sore throat or become afflicted with influenza, a dose of Radway's Regulators, and an application of the Ready Relief, will free you from all pain and uneasiness. In a few minutes after the Relief is applied no soreness will trouble you. If afflicted with headache, either nervous or from foul stomach, Radway's Ready Relief, and a dose of Regulators, will remove all pain from the head, and restore health to the nervous and afflicted.

Radway's Ready Relief and Regulators always cures *Dyspepsia* in its most distressing forms, and nervousness with all its horrors.

☞ WHOOPING COUGH.—Thousands of cases of Whooping Cough have been cured in a few days by the Resolvent and Relief, and if the Whooping Cough is prevalent in the neighborhood, those who take half a teaspoonful of Ready Relief in water, once or twice per day, will never catch it. Radway's Relief destroys the infection of the "Whooping Cough."

☞ TOBACCO CHEWERS.—Those who have become reduced by the effect of tobacco, or the indulgence in spirituous liquors, who feel the horrors of incapacity, weakness, sterility, and the *infirmities* which it fastened upon its victims, will find relief from these horrors, and sure restoration to health, strength and vigor, by the use of Radway's Relief, Regulators and Resolvent.

MISCELLANEOUS.

TO THE CITIZENS OF MILWAUKEE, And the Public Generally:

EXPELLED FROM MOBILE, ALABAMA, under the charge of selling incendiary or Abolition books, in which city I had built up the largest and most profitable book and stationery business done at the South, I have selected my new home in Milwaukee, and united my future welfare to the very promising destiny of that city. Compelled to move my stock from Mobile, I have brought it to Milwaukee, and propose to carry on here a FIRST-CLASS

BOOK, STATIONERY, — AND — PAPER ESTABLISHMENT!! Wholesale and Retail!

Where EVERYTHING, in either branch of such business, can always be found, At Prices which must Prove Satisfactory! Also, a large variety of UNIQUE FANCY ARTICLES, SUITABLE FOR CHRISTMAS, NEW YEAR — AND — BRIDAL GIFTS.

In offering myself as a candidate for a share of public patronage, I would assure the citizens of Wisconsin that I am satisfied, from the unusual facilities I possess in purchasing goods, and a thorough knowledge of my business that it is for their interest to call and examine my stock and prices before purchasing elsewhere.

I have been unable to rent a store large enough for my business before next Spring. I have therefore temporarily located at No. 200 East Water Street, TWO DOORS SOUTH OF WISCONSIN STREET, Until I can secure a suitable stand.

Merchants from the country, teachers, and all others buying wholesale bills, are earnestly requested to examine my stock and prices.

WILLIAM STRICKLAND.

☞ To those curious in such matters, I would say, a plain statement of the facts connected with my expulsion from Mobile, detailing the circumstances, the action of the Vigilance Committee, and the way I escaped, can be found in Strickland's North-Western Almanac for 1857, which will be published in a few days, and distributed gratuitously.

IMPORTANT TO EVERYBODY.

FOR the last three years, I have been engaged in a business known only to myself, and, comparatively, few others, whom I have instructed for the sum of $200 each, which has averaged me at the rate of $2,000 to $3,000 per annum; and having made arrangements to go to Europe in the Fall of 1857 to engage in the same business, I am willing to give full instructions in the art to any person in the United States or Canadas, who will remit the sum of $1. I am induced from the success I have been favored with, and the many thankful acknowledgements I have received from those whom I have instructed and who are making from $5 to $15 per day at it, to give any person an opportunity to engage in this business, which is easy, pleasant, and very profitable, at a small cost. There is positively No Humbug in the matter. References of the best class can be given as regards its character, and I can refer to persons whom I have instructed who will testify that they are making from $5 to $15 per day at the same. It is a business in which either ladies or gentlemen can engage, and with perfect ease make a very handsome income. Several ladies in various parts of New York State, Pennsylvania, and Maryland, whom I have instructed, are now making from $3 to $5 per day at it. It is a GENERAL BUSINESS, and but a few shillings is required to start it. Upon receipt of $1, I will immediately send to the applicant a printed circular containing full instructions in the art which can be perfectly understood at once.

MEDICAL.

BOERHAVE'S HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR DYSPEPSIA, DISEASE OF THE KIDNEYS, LIVER COMPLAINT, WEAKNESS OF ANY KIND FEVER AND AGUE, And the various affections consequent upon a disordered STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

MISCELLANEOUS.

Every Man his own Miller. PORTABLE CAST IRON GRAIN MILL. Young America Improved and Perfected.

THE above mill was patented by Charles Leavett, of Ill., Feb. 27th, 1855. This mill took the first premium at the Ohio State Fair, 1855, over all other mills, and during the fairs of the fall of 1856, the first premiums over many others in the State Fairs of Ohio, New York, Tennessee, Michigan and Minnesota, also, at the County Fairs of the following Counties of Ohio and Indiana, viz: Guernsey, Crawford, Logan, Medina, Ashland, Wayne, Knox, Montgomery Clark, Erie, Lorain, Richland, Plymouth district, Chester, Frederick. In Indiana, Tippecanoe, Jefferson, Wayne, Fayette, Shelby, Jennings, Warren and Fountain.

Farmers, Saw Mill owners, Livery Stable men and all others feeding stock of any kind are invited to examine the merits and superior advantages of the above mill.

The Young America will grind as much corn in the cob, shelled corn, oats, barley, and all other grains for stock as any mill of the same size and with much less draft.

What we claim is great strength, durability and simplicity, being so simple that a child can learn to grind with safety.

In the next we claim the small expense to renew the grinding parts of the mill, and the ease with which the grinders are put on the mill, at a cost of not over three dollars, which makes it superior and more economical than any other mill. The grinding parts of the above mill are made of the hardest of cast iron, as hard in fact as cast steel can be tempered. Each set will grind from 5000 to 30,000 bushels of grain, with proper usage. Besides the set of grinders on the mill, an extra set will be sent with each mill sold, making it equal to two common mills. When found necessary to change the grinders, almost any one can do it in twenty minutes.

As a proof of the estimation in which the Young America is held in Ohio, we would state that during the fall, winter and spring of 1855–56, 2500 were made and sold in Ohio, at Zanesville, by Douglas Smith & Co., Hall & Allen of Mansfield, Eldridge & Faucener of Cincinnati, and at New Philadelphia.

At this time there is not less than 200 being sold every week in Ohio, at retail, besides those sold in other states east and west.

The above mill is being manufactured and can be furnished at wholesale and retail, from the Wisconsin Iron Works of A. J. Langworthy, on the water power in the City of Milwaukee. The mill is warranted perfect in all respects.

Dealers in agricultural implements and machines, of the State of Wisconsin, are requested to call and make arrangements for the sale of the above mills, to whom a liberal discount will be made on the retail price; also any others wishing to engage in a profitable business. We'll call attention to good men who have teams, in any part of the State, who would peddle the mills through the country. Four can be taken on a wagon at a time—liberal arrangements would be made with them.

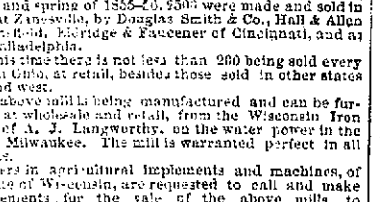

The above mill will grind from 8 to 20 bushels of grain per hour, in accordance with the kind and condition of the grain.

Price of the Young America $35—ready to hitch to and warranted to grind as fast as any mill of the same size when properly worked, and with less draft.

For further information address or see the undersigned, sole owner of the right to the State of Wisconsin.

For sale by W. HARROLD SMITH, Wisconsin Iron Works. Milwaukee, Dec. 8th, 1856. dec10-d514 d&wtf
